**Old Business** - On July 17th we had an outing to the historical town of Columbia. The members that attended were Don Scalise, Terry Trimble, Robert and Fay Holland, Jim Nakata. The club invited the Camaro Generation club and three members joined us. I forgot their names other than one man named Collins and he drove a 1967 Chevy Nova which was not stock, another lady drove a 1967 Chevy Camaro Convertible which was all original it even had its original 6 cylinder engine in it, the other lady owned a 1969 Chevy Camaro but she did not bring it. Robert led the group driving his Corvette with the Camaro's second, and Jim and myself were in the back so no one got lost. So we had a good group of classic cars. The route we took was from Family Fitness near Sunrise Blvd and Highway 50 to Highway 16 and then to Highway 49, we were all able to stay together. After arriving in Columbia we explored the town, I found a panning trough and rented a gold pan so I could show Terry how to gold pan, instead of gold in the trough they had garnets in there which Terry and Robert and Fay liked. I wanted to see the gold AU, on one of our outings we will make it to a river or a creek and then I will find gold. I believe we had lunch at the Columbia House restaurant. On this outing I drove my 84 Trans Am which has air conditioning but was not working because I had not had it converted to 134 yet. Terry said she would not drive in it again till I fixed it. Because the return trip of over 100 degrees it does work now and it works great. It only took 4 years and 10 months to get it working.
